--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

THE REPLY FILED 07 February 2007 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE.

1. ☐ The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:
   a) ☐ The period for reply expires _____months from the mailing date of the final rejection.
   b) ☐ The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.

   Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

NOTICE OF APPEAL

2. ☒ The Notice of Appeal was filed on *07 February 2007*. A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).

Continuation of 11.

Applicants arguments and the evidence filed with the after final response have been fully considered but are not found to be persuasive. Applicants assert that the neurospheres recited in the claimed methods are presently involved in Phase I human clinical trials for the treatment of lysosomal storage disorders. Applicants' arguments are not commensurate in scope with the claims because the claims broadly encompass the treatment of any disease or disorder by the instantly claimed transplantation method, whereas the evidence submitted is limited to treatment of neuronal ceroid lipofuscinosis. Moreover, the method to be used in the Phase I trial appears to be distinct from the instantly claimed method, which requires infusion of a mitogenic growth factor in addition to transplantation of cells. Furthermore, the instant specification does not provide specific guidance for treating neuronal ceroid lipofuscinosis using the claimed method, nor does it describe a method for treating neuronal ceroid lipofuscinosis as set forth in Exhibit 1 now provided by Applicants, Thus, there is no evidence that the method approved by the FDA for Phase I clinical trial for treatment of neuronal ceroid lipofuscinosis was developed from the teachings of the instant specification using nothing more than routine experimentation. The exhibit provided by Applicants does not provide evidence that the protocol being studied in the Phase I clinical trial is the protocol presently claimed. There is no indication that a mitogenic growth factor is infused at a second site from where the cells are administered. Accordingly, the rejection is maintained for reasons of record.
